## **3-D Service Appoints Division Manager**

MASSILLON, Ohio (October 17, 2006) – 3-D Service, a leader in the repair and maintenance of commercial and industrial electro-mechanical equipment, today announced the appointment of Larry Fechko as manager of the Power Service and Controls Division. The Power Service and Controls Division supplies and services switchgear, circuit breakers, transformers, relays, controls, PLCs, drives and motor control centers including field installation, start-up, commissioning, inspection and testing, preventive maintenance, repair, refurbishment and overhaul. Products further include retrofit, retro-fill and replacement of breakers; power system engineering; and substation engineering.

Fechko is a graduate of the University of Dayton, with a Bachelor of Science in Electronic Engineering Technology. He has 25+ years experience in sales and sales management with companies such as Cooper Bussmann and Reliance Electric. Most recently Larry held the position of Sales Manager – Global Business Development with Trammell International in Canton, Ohio. “His successful track record in sales and business development will be an asset to 3-D Service,” said Bernie DeWees, president of 3-D Service.

Headquartered in Massillon, Ohio, 3-D Service specializes in the sale, repair and service of commercial and industrial equipment used in the electric utility, wind power, automotive, pulp and paper, manufacturing, chemical, wastewater treatment, transportation, plastics, metal producing and metal forming industries. Additionally, 3-D Service provides Total Motor Management™ (TMM) services to help customers reduce the risk of equipment breakdowns while lowering repair and maintenance costs. On-site preventive and predictive maintenance and 24/7 emergency breakdown services are also available.
