

Providing 3-Dimensions Of Service

Dependability • Dedication • Diversity

PEAKER GENERATOR SERVICES

Magnetech Industrial Services provides predictive/preventive maintenance and complete repair services for power plant generators and diesel/natural gas internal combustion engines. These services are provided on both primary and peaker generation systems. Emergency services are available 24/7.

Power generator services are also available for landfills and water treatment plants.

Call the Magnetech service professionals for all your generator and engine maintenance needs.
